## *Regency Landing*

Centrally located in the heart of the Omaha metropolitan area, Regency Landing is a high-profile, Class A mixed-use opportunity that has been years in the making. The project is bound by I-680 and Pacific Street with massive exposure to over 200,000 cars per day and enjoys significant visibility to the West Dodge Expressway. The site is minutes away from West Omaha, and a 20-minute drive to Eppley Airfield and downtown Omaha. Dense, high-income residential neighborhoods surround Regency Landing in addition to the best amenities Omaha has to offer.

## *Rare Opportunity*

For the past 50 years, this parcel has been home to increasingly obsolete office, retail, and full-service hotel operations. Initially developed in the western reaches of Omaha, this prized location sits in the heart of the market. It boasts the best demographics in the region, creating an opportunity to develop an 11-acre in-fill project. With the main objective to fully harness the intrinsic value of this irreplaceable real estate, our mission requires the deliberate programming of the best design, users, and project execution to deliver a trophy project that the region can be proud of for generations to come.
